Appendices

- A. Summary of Estimates 2023/24 to 2025/26
- B. One-Off/Significant Revenue Expenditure 2023/24
- C. Reserves & Balances
- D. Capital Programme 2023/24 – 2025/26
- E. Financial Risk Assessment
- F. Proposed Precept Calculation for 2023/24
- G. Proposed Scale of Fees & Charges

Page left intentionally blank

1. Introduction and Budgetary Context

- 1.1 This report provides a commentary on the draft revenue budgets for 2023/24, together with planned capital expenditure and contributions to reserves and balances. The revenue and capital budgets are set out in summary format in **Appendix A**. This is supported by the more detailed Estimates Book which has been circulated to Councillors, together with future projections until March 2026.
- 1.2 The economic context of this budget setting process is yet again unusual, given the effects of 2 years of the Covid-19 pandemic and the war in Ukraine. During 2022 inflation reached its highest level in 40 years: CPI stands at 10.7% in November 2022, compared to 5.1% in November 2021. The Bank Rate has also risen, to 3.5% in December 2022 up from 0.25% a year earlier.
- 1.3 The Department for Levelling Up, Housing and Communities has confirmed that it has no plans to extend referendum principles to local councils in order to cap parish precepts at 2% in the foreseeable future.
- 1.4 The Finance and Governance Committee agreed a set of principles to guide the preparation of the draft budgets at its meeting on 9th November 2022. This included initial projections for employee costs, inflation and precept. It met again on 14th December and reviewed the scale of charges, capital programme and schedule of one-off expenditure for the year ahead. Consideration was also given to a revised Reserves and Balances Policy. It met again on 11th January 2023 to review a preliminary version of this report.
- 1.5 The Town Council has again carried out a thorough review of its planned income and expenditure as part of the budget setting process. This consisted of two councillor workshops, one held on 2nd December 2022 and another on 4th January 2023. Recommendations from these workshops have been incorporated into the draft budgets, alongside those from the Council's committees.
- 1.6 Following a recommendation from the Finance & Governance Committee Meeting held on 11th January 2023, Council is asked to adopt the draft estimates, together with the scale of fees and charges and capital programme, and to agree the precept to be charged to local residents for the 2023/24 financial year. The Finance and Governance Committee recommended that the total precept should increase by 1.08%, which, due to a small increase in the tax base, will result in a nil increase in household bills.

2. Summary of 2022/23 Financial Year to date

- 2.1 In April 2022 the total Council Tax precept rose by 12.4%. As a result of an increase of 2.7% in the tax base household bills increased by 9.5%. This decision was taken in response to higher inflation, and in order to fund Council activities including environmental improvements and the development of a Neighbourhood Plan. This followed a 2.2% increase in household bills in April 2021.
- 2.2 The Town Council entered the 2022/23 financial year with a surplus general fund balance of £896,577. The net cost of services is projected to be £1,029,480, 2% higher than the budget estimate of £1,010,270. That this divergence between budget and forecast outturn is not bigger is largely due to the fact that it is anticipated that higher car parking income and continued staff vacancies in the first half of the financial year will have offset an above-

budget pay settlement and high inflationary increases in utility costs and other items of expenditure. The Council intends to transfer £75,000 to earmarked reserves, resulting in a deficit on the general fund for the year of £26,000.

- 2.3 It is anticipated that this will result in a general fund balance at 31st March 2023 of £870,550. Although this is above the Council’s risk assessed minimum level (see **Appendix E**), it remains solidly within the recommended range of general reserves, equivalent to a sum between three months’ and one year’s revenue expenditure.

3. Income Analysis

- 3.1 Table 1, below, summarises the Council’s greatest sources of income during the last four full financial years, together with the probable out-turn for 2022/23 and the draft budget estimate for 2023/24. These headings, together with the precept, account for approximately 93% of Council income, excluding one-off grants. At budget setting 2022/23 these income streams were projected to decrease by 6.5%; it is now anticipated that they will have increased by 1.5% and largely remain stable during 2023/24.

Table 1. Budgeted sources of income with an average in excess of £5,000 2018/19 – 2023/24

Budgeted Sources of Income in excess of £5,000	18/19 Actual	19/20 Actual	20/21 Actual	21/22 Actual	22/23 Forecast Outturn	23/24 Estimate
Car Parking (includes Co-Op net income)	584,810	560,025	470,950	729,610	687,150	708,510
Property Rental	191,680	201,905	206,655	207,155	208,255	178,755
Investment Income	202,395	207,930	184,900	165,750	180,000	185,000
Beach Hut Fees	123,050	122,425	48,000	128,830	162,535	162,800
Boat Park Fees	31,335	37,595	35,600	48,000	55,000	62,000
Beach Gardens	39,040	39,495	21,560	38,200	40,000	43,550
Cemetery Charges	38,935	32,420	28,400	35,570	38,240	37,190
Market Income	6,760	6,965	9,400	19,125	19,000	22,000
Private Beach Hut Sites	16,825	17,735	18,200	18,200	18,900	19,845
Fishermen’s Huts	5,160	8,725	8,835	8,820	9,600	10,480
TIC net income from sales and commission	6,530	7,785	3,840	6,630	9,440	8,050
Allotment Rents	7,960	8,450	8,665	9,000	9,220	9,300
Purbeck Business Centre Profit Share	7,830	8,070	8,125	8,125	8,000	8,000
TIC Advertising Boards	6,630	8,420	6,730	6,600	6,600	7,000
Beach Concessions	6,320	5,000	5,000	5,000	5,000	5,000
Total	1,275,260	1,272,945	1,064,860	1,434,615	1,456,940	1,467,480

- 3.2 During the 2022 summer season car parking income was again significantly above pre-Covid levels, and it is estimated that at year-end it will be 13% above budget. In light of increased costs of operating the Council's car parks, including forthcoming increases to business rate payments, the Finance and Governance Committee has recommended increasing charges in its long-stay car parks for the first time since 2012. If approved by Council this will see the charge for stays of up to 6 hours increase by up to 30p, and the 24-hour charge increase from £8 to £9. This remains below the £10 charged for 24-hours in Dorset Council's car parks. Charges will also remain well below those levied in seaside car parks in Bournemouth, Christchurch & Poole. No changes are proposed to the charges in the shoppers' car parks. The Council will also retain its fee of £1 per day for parking in its long-stay car parks between November and March.
- 3.3 Income from **property rentals** is anticipated to reduce year-on-year as a result of rent arrears in connection with two commercial properties. Income from this source is, however, likely to be higher than that included in Table 1 once a number of rent reviews are completed. The council continues to receive a 1/9th share of Dorset Council's income from the **Purbeck Business Centre**.
- 3.4 **Investment income** has recovered somewhat year-on-year as a result of higher interest rates. It is also significantly higher than budgeted due to the retention of investment funds consequent on the deferral of planned capital works.
- 3.5 **Beach hut income** has risen significantly in the current financial year. This is due to the combination of higher occupancy rates and an increase in charges introduced in April 2022. Given that significant uplift, it has been agreed that the beach hut fees will be frozen for the 2023/24 financial year.
- 3.6 The **boat park** has remained full to capacity this year and in order to provide funding for future improvements an increase of between 10% and 16% in grid fees is proposed for 2023/24. The **fishermen's huts** also remained fully occupied, and an increase of 5.5% in fees is proposed.
- 3.7 Income from **Beach Gardens** has remained consistent over recent years, recovering to pre-pandemic levels. Putting income has continued to increase since a low-point in 2015/16.
- 3.8 Income from the **Information Centre** has risen steadily since the pandemic. Revenue from **advertising boards**, the **private beach hut sites** and the **beach concession** remains largely stable.
- 3.9 Pitch-fee income from **Swanage Market** has remained consistent year-on-year. It is anticipated that a broadening in the definition of permitted stalls will bring an increase during 2023/24.
- 3.10 Income received from community facilities includes **allotments** and **cemetery charges**. Following a freeze in prices in 2020/21 increases of between 4% and 7% per annum have been implemented, largely in response to rising inflation.
- 3.11 In total, the revenue generated from the activities listed in Table 2 is predicted to remain stable during 2023/24, largely due to increased car parking income offsetting a decline in

property rental. Taking a longer-term view, these income streams have increased by approximately 14% over the last five financial years.

- 3.12 In looking to **future opportunities** to raise additional revenue, the Council will explore any options that may be identified within the forthcoming Seafront Masterplan. This will include developing plans for phase 2 of the seafront stabilisation and improvement project during the next financial year.

4. Expenditure Analysis

- 4.1 Table 2, below, summarises the Council's largest revenue costs during the last four financial years, together with the 2022/23 forecast out-turn and the 2023/24 budget estimate. These headings account for approximately 85% of Council expenditure and are projected to have increased significantly in the current financial year, by 24%. This is principally due to increases in employment costs and utilities, together with inflationary increases across a range of other budgets.

- 4.2 These costs have risen by £860,000 since 2018/19. Alongside increases in business rates and utility costs, this has been driven by recruitment of additional staff to deliver the Council's more ambitious agenda. This has also seen the addition of a number of budget lines in the table below (festive lights, Sustainable Swanage funding and a Neighbourhood Plan). During 2023/24 the Council has made a commitment to part-fund the operation of the Children's Centre and Day Centre following an anticipated asset transfer from Dorset Council to **Swanage and Purbeck Development Trust**. It is proposed that the sum of £21,000 will be funded from the Council's Insurance and Contingency Reserve which was established to protect local services following local government reorganisation.

- 4.3 The Council's largest item of expenditure is **employment costs**. These have increased significantly over the last two years as the Council has filled vacant posts and recruited new roles to deliver priorities set out in its draft corporate plan to support the local community and the town's economy. The 2023/24 salary budget is also significantly higher than envisaged a year ago following the substantial uplift in salaries for 2022/23 agreed by the National Joint Council.

- 4.4 Planned **repairs and maintenance** costs in 2023/24 are projected to be similar to that in the current financial year. This figure will always fluctuate significantly dependent on the one-off works scheduled each year. The specific items proposed for inclusion in the estimates by the Finance & Governance Committee are set out at **Appendix B** for Members' approval, totalling £190,000. It is proposed that £103,000 of this will be funded from the Community Infrastructure Levy reserve.

- 4.5 As last year, Appendix B includes a reserve list of projects that could be brought forward if funding is identified during the next financial year. These total £21,500, the largest being front of house improvements at the Information Centre.

- 4.6 **Business rate** payments continue to rise and a revaluation exercise will lead to further significant increases over the next three years, initially cushioned by transitional relief. It is anticipated that the sum payable in 2023/24 will exceed the amount levied on the Town Council prior to the introduction of the Non-Domestic Rating (Public Lavatories) Act 2021.

Table 2. Average Budgeted Expenditure in excess of £15,000 2018/19 - 2023/24

Cumulative Budgeted Expenditure in excess of £15,000	18/19 Actual	19/20 Actual	20/21 Actual	21/22 Actual	22/23 Forecast Outturn	23/24 Estimate
Employment Costs	795,395	937,275	895,905	918,710	1,082,650	1,217,490
Repairs and Maintenance	72,205	98,930	345,300	137,964	283,280	271,250
Business Rates	149,350	166,010	156,835	157,647	157,745	178,110
Utilities	70,125	65,380	57,950	82,695	99,255	124,340
Public Convenience Cleaning and Toilet Requisites	61,075	61,910	59,520	64,380	72,265	72,265
Car Parks Cash Collection/Credit Card/Cashless Parking	32,335	30,180	22,550	34,920	35,250	36,860
Festive Lights	n/a	28,365	30,580	23,115	20,840	19,930
Legal and Professional Fees	16,540	27,785	25,480	21,090	24,350	25,000
RNLI Lifeguards	22,425	22,870	18,810	23,840	25,630	29,220
Insurance	18,180	20,155	20,355	20,115	20,450	22,550
Sustainable Swanage Funding	n/a	n/a	16,000	15,855	19,960	20,000
Seaweed Removal & Beach Raking	6,150	26,680	9,420	17,065	27,025	22,000
I.T. Services	11,845	15,425	16,220	13,060	14,500	15,500
Neighbourhood Plan	n/a	n/a	n/a	n/a	15,000	15,000
Tree Works ¹	n/a	17,565	22,550	4,185	10,000	20,000
Development Trust – Chapel Lane Project	n/a	n/a	n/a	n/a	n/a	21,000
Total Expenditure	1,255,625	1,518,530	1,697,475	1,534,641	1,908,200	2,110,515

4.7 Since 2011 the Town Council has procured electricity through the LASER energy buying group, and until recently this has been very effective in limiting increases in costs. In furtherance of the Council’s Environmental Policy, in 2021 it agreed to change its gas supplier to Green Energy UK with a 100% green tariff. The impact of the war in Ukraine on **energy costs** is likely to see these increase by 37% in the current year, and are projected to increase by a further 25% in 2023/24.

4.8 The **public toilet cleaning** contract cost increased by more than 12% following a tender exercise in the spring of 2022.

4.9 The costs of **processing car parking fees** remain at a higher level, reflecting the significant uplift in parking income.

¹ Tree works were previously included in maintenance budgets and were not separately listed.

- 4.10 The Council's largest external central services costs remain largely stable. **Legal and professional fees** include a wide range of external professional support, including solicitors, valuers and financial advisory services. **IT service** costs are also projected to remain relatively unchanged. **Insurance cover** will be tendered in the spring of 2023 and a 10% increase in premium is anticipated, although it may exceed this.
- 4.11 Costs related to the beach remain significant. It is proposed to continue to employ **RNLI lifeguards** in 2023/24, but in light of an anticipated year-on-year increase of approximately 14% Members have agreed to explore options to reduce this fee. **Seaweed clearance** costs always fluctuate as a result of wind direction during the peak summer season. The current year's cost of £27,025 is the highest of recent years: between 2018 and 2022 it ranged between £6,150 and £26,680 per annum.
- 4.12 The annual budget for **tree works** has been increased significantly due to an extensive volume of remedial work being identified in recently commissioned tree reports and the rising cost of arboricultural work.
- 4.13 As referred to in paragraph 4.2 above, there have been a number of significant additions to Council expenditure over recent years. The largest of these relates to the annual charge for the **festive lights**, although this has reduced following the extension of the existing contract for a further two years. Funding continues for a part-time officer to support the **Sustainable Swanage** community group and a budget allowance of £15,000 has been made for a second year to fund work to develop a **Neighbourhood Plan**, a significant proportion of which is likely to be grant funded.
- 4.14 In addition to these costs, the Council makes a number of **Grants and Donations** and Contributions to Partner Organisations. As in previous years a sum of £10,000 has been allocated for small community grants in the draft budgets.
- 4.15 Overall, the expenditure set out in Table 2 above is expected to increase by approximately 11% in 2023/24. This reflects both the Council's commitment to delivering its draft corporate plan and the impact of the highest inflationary pressures seen in 40 years.

5. Reserves and Capital Programme

- 5.1 The Town Council has an obligation to ensure adequate investment is made in its property assets so that they remain fit for purpose, and to establish financial reserves to meet this expenditure. In addition to the statutory Useable Capital Receipts Reserve (containing the remainder of funds received from the disposal of Swanage Bay View Holiday Park and other assets), the Council has established earmarked reserves as listed in **Appendix C**.
- 5.2 These reserves contained £2,462,759 as at 31st March 2022 and it is proposed that they will fund expenditure of £205,128 in the current financial year. This includes £134,190 to finance capital expenditure. The three-year capital programme shows a further £1,856,555 being spent from these reserves by 31st March 2026. Contributions to earmarked reserves of £75,000 per annum have been included in the budgets.
- 5.3 During 2022/23 £118,460 has been received to date from Dorset Council under the Community Infrastructure Levy on new development. It is anticipated that a sum in excess

of £185,000 will be received in the coming 18 months. At a meeting of the Finance & Governance Committee held on 14th December 2022 it was agreed to recommend that CIL funds should be utilised in the first instance for works to Council-owned ‘infrastructure’ as defined in Section 216 of the Planning Act 2008.

- 5.4 A **schedule of estimated capital expenditure for the years 2023/24 – 2025/26**, has been considered at the meetings of the Finance & Governance Committee held on 14th December 2022 and 11th January 2023 and is provided at **Appendix D**. The total cost of programmed works is estimated at £2.64m over the next three financial years. The largest item of expenditure (£1.5m) is the Spa and Sandpit Field improvement scheme and work continues to develop this scheme, with public consultation anticipated during the coming financial year.
- 5.5 The next largest items included on the capital programme are a contribution to the coastal defence works and public realm improvements in the Lower High Street (£450k), a contribution towards the Days’ Park Sports & Social Centre redevelopment (£220k), environmental projects (£150k), Station Approach improvements (£120k) and Peveril Point stabilisation scheme (£95k).

6. Precept and General Fund Balance

- 6.1 Under section 49A of the Local Government Finance Act 1992 a Town and Parish Council must take the following factors into account in setting its annual budget:
- the expenditure it will incur in the year in performing its functions
 - an allowance for contingencies in relation to expenditure
 - the financial reserves it will be appropriate to raise for meeting its future expenditure
 - the financial reserves necessary to meet a revenue account deficit for any earlier financial year
 - the sums which will be payable to it for the year
 - the amount of the financial reserves which the authority estimates it will use.
- 6.2 An assessment of the General Fund Balance should take into consideration the council’s level of working balances and a risk assessment of contingencies. In terms of working balances, the JPAG *Practitioners’ Guide* states that any Council with expenditure over £200,000 per annum should carry general revenue reserves equivalent to three months of expenditure. On the basis of current projections for 2023/24 this would be £664,245.
- 6.3 A risk assessment in respect of financial contingencies is set out in **Appendix E**, which suggests that £568,925 of revenue funds may be called upon in a worst-case scenario during the financial year. Although many risk factors are low, it remains of utmost importance that the Council’s financial position is robust enough to withstand any unforeseen shocks, as recent years have demonstrated. A general fund balance of between £550,000 and £700,000 would therefore appear to be an appropriate target range.
- 6.4 At the councillor workshops in December 2022 and January 2023, consideration was given to the Council’s overall budget requirement in future years. It was agreed that in the current economic circumstances, and in acknowledgement of the size of the existing general fund balance, the Council should consider utilising the general fund to support the revenue budget for at least the next two years.

- 6.5 In light of the cost of living increase facing local residents, the Finance and Governance Committee has recommended that the Council should not make any increase to household bills in the coming financial year. The tax base supplied by Dorset Council shows a small increase of 1.08%. As illustrated in **Appendix F**, if a freeze in household bills is agreed by Council it will generate an additional £9,030. This will make some contribution towards the council's increasing operating costs and ensure that no reduction to core services will be required during the coming financial year.
- 6.6 For comparison a table listing the largest parish precepts in the county is also provided in **Appendix F** for the current financial year.
- 6.7 Although the anticipated general fund balance at the end of the 2023/24 financial year, of £817,060, would exceed the target range, it can be seen in **Appendix C** that even with future 2% per annum increases in precept the general fund balance is projected to decline each year, reducing to £677,370 the following year and £544,115 by 31st March 2026. These projections do not take into account income arising from the redevelopment of the Spa and Sandpit Field, but neither do they include a contingency for potential above-budget increases in costs highlighted in the risk assessment.
- 6.8 At the councillor workshop held on 4th January 2023 it was recommended that a review of Council spending plans over coming years be undertaken to facilitate development of a robust Medium Term Financial Strategy by the Finance & Governance Committee in the spring of 2023. This work has already commenced and at its Meeting on 11th January the Finance and Governance Committee agreed that savings of £4,000 from the visitor services budgets should be incorporated in the draft estimates.
- 6.9 Members are asked to consider the recommendation of the Finance and Governance Committee to **adopt the Draft Estimates and set a precept level of £849,030 for 2023/24**, which will result in a nil increase on household bills.

Martin Ayres
Town Clerk and Responsible Financial Officer

January 2023

Appendix A

Swanage Town Council - Estimates 2023-2026

Revenue Account Summary

	Forecast Outturn 2022/23	Estimate 2023/24	Estimate 2024/25	Estimate 2025/26

Appendix E

RISK	Analysis of Risk	2023/24 Budget	Potential Impact	Quantitative Assessment of Risk
		£	%	£
Small size of the authority (in comparison to principal councils) necessitates a minimum balance of 3% of gross expenditure	Balance required to withstand budgetary problems due to relatively low asset and resource base.	3,354,730	3	100,640
Employee costs are greater than budgeted	Statutory payments increase above the level allowed for in the estimates.	1,217,490	5	60,875
Contractual inflation is greater than budgeted	A general increase of c.10% has been assumed on expenditure, however, costs may increase above budgeted inflation. Prices for gas/electric are fixed until Oct 2023. Prices may increase above estimated levels at this point.	1,439,490	4	57,580
Treasury management income is not achieved	That the actual interest rate that is achievable is below the rate predicted at budget setting. Council may also be required to redeem an investment which may result in a capital loss.	185,000	30 (impact of a 1% decrease in interest rates)	55,500
Car park revenue is below forecast	That a decrease in revenue is realised from estimate. Due to the variable nature of car parking revenue the risk of actual revenue not meeting budget are high.	675,710	15	101,355
Rental income is not received	With the current volatile economic climate some lessees may not be able to meet their rental payments	252,940	20	50,590
Seasonal income is lower than budgeted	That a decrease in revenue is realised from estimate.	252,580	20	50,515
Inadequate Insurance Cover	That events occur resulting in losses that are not covered by insurance. 1% of asset book value	9,187,157	1	91,870
Total				568,925
