

**To consider requests for grant funding and recommendations of Grants Panel**

Members of the Grants Panel (Councillors Bishop, Foster and Harris) met on 9<sup>th</sup> December 2021 to review in detail Swanage Town Council Grant Applications received for the 2021/22 financial year. All applications received are listed in the table below (Appendix 1). This also indicates the sum requested, the recommended size of the grant from the Grants Panel, a summary of the project that will be funded by the grant, and the reason for the Council's support.

**Background**

The Council has agreed a grants budget of £10,000 for the 2021/22 financial year. This is separate from the support for the Citizens Advice Bureau which has been given its own budget line. This sum also excludes the Council's support to partner organisations including Dorset Council, through which the Council funds the Mount Scar School Crossing Patrol.

Also attached is a copy of the Council's grant criteria, adopted by Council in February 2021. This states that in order to ensure a wide distribution of funds, grants will usually be for sums of less than £500, and would typically only support festivals and events whilst they are being established.

No grants have been awarded to date. A total of £13,958 has been requested, and it is proposed that £2,548 be awarded. The balance of £7,452 will be available for applications received throughout the remainder of the financial year, and it is proposed that the Town Council increases awareness of its grant scheme with local charitable/community groups accordingly.

**Decisions required:**

- 1) To approve the recommendations of the Grants Panel made at its meeting held on 9<sup>th</sup> December 2021.
