Dear Sir,
Accident 1740 hrs 25/4/18
X Roads De Mountain Rd - Wincross Road.

Set cameras across between two cars on these dangerous X Roads, do need to my knowledge since realised at the above address, Drivers come up the hill from Shore Road straight across and, for some reason do not see to give way sign.
Could this be looked into maybe to -
1) Improve the signage, road markings etc. or -
2, make this part of Walsand road to shore road an one way street, going down
By doing the latter would solve this problem before someone gets killed
Please look into this matter
Thank you. Yours faithfully

Dear Sir,
De Mountain Road & Wincross Road CROSSROADS

Thank you for your letter dated 28th February ref the above crossroads.
Again today, another accident involving two cars - one a definite write off - both travelling in on opposite directions. Big lick, no pedestrian were there at the time but it could have been disastrous also, next days there are accidents from Horrocks House School using this road
Further need something needs to be done before someone gets killed!
Yours faithfully
