Existing planting to be enhanced with new native species

Stepping stones gesturing towards Swanage Ampitheatre

Existing Purbeck walls

Hoggin pathway to link the entirety of the site

New bench seating. Raised wall to increase the feeling of privacy. Bench seating to look out seaward

Twin walls to reflect the geometry of Swanage Ampitheatre and raised to address the level differences on site

Existing tree to be relocated

A mixture of new and existing native planting to bring colour and atmosphere to the site

Existing site gated access. Levels to be adjusted to create an acceptable ramp for wheelchair access. New display board to be errected at the entrance of the site
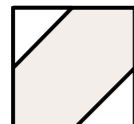

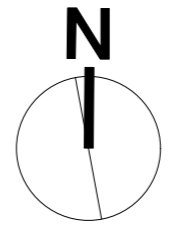

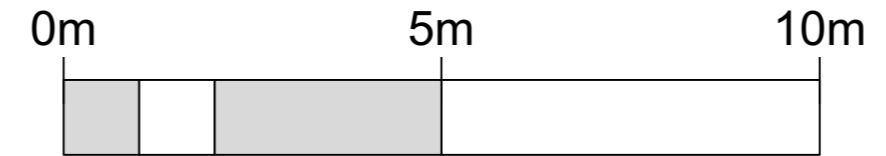

Prince Albert memorial to be reinstated. Image above depicts and artist's impression of the original memorial. The memorial will sit as the central focal point of the site
