Subject: RE: Damaged bus shelter in Swanage

Hi Nicola,

We've been unable to establish the ownership of this shelter. I'm exploring potential avenues of capital funding that could be accessed to replace the shelter and then put an agreement in place so that Swanage Town Council can take ownership of the replacement.

Unfortunately I haven't been able to progress very far as we haven't had a bus stop Infrastructure Support Officer for the last 2 months but the new officer (Emily McCurdy) started today. I actually mentioned this shelter to her today so it's a coincidence that you have now e-mailed me about it!

Once Emily has settled in to her role, she will pick up on investigating potential funding.

Kind regards,

Amanda Evans
