The Swanage and Purbeck Sculpture Trail – consideration of request received seeking permission to site a new sculpture in Prince Albert Gardens Further to Minute No. 6) of the Tourism Committee Meeting held on 2nd March

2015, an email had been received from a local artist seeking permission to site a new sculpture in Prince Albert Gardens. Members felt that more information was required to enable them to consider this request further, and it was therefore agreed to defer this item to the next Committee Meeting to be held in April 2016.

9. **Operations Manager's Report**

The Operations Manager gave a brief report on the following:-

- a) Broad Road Stabilisation Scheme there would be an inspection in early December 2015 to ensure the 'snagging list' had been completed before sign off could be effected.
- **b)** Seafront Stabilisation Scheme it was reported that there were still 22 outstanding items on the 'snagging list'. Difficulties had also been reported with the Shore Road beach hut locks, this was being investigated and would be resolved in due course.
- c) Broad Road Car Park work was ongoing to repair the damaged ticket machine.
- d) Shore Road Public Conveniences further to Minute No. 8. of the General Operations Meeting held on 15th July 2015, it was reported that new hand drying facilities had been installed, and a hot water supply had been connected.

The Operations Manager gave thanks to the Town Council, on behalf of all permanent Council staff members, for the additional day's holiday granted over the Christmas 2015 shut-down period, and for the one-off payment being made with December 2015 salaries.

10. Items of Information and Matters for Forthcoming Agendas

- a) Boat Park/RNLI Development as per Minute No. 6 a) ii), a request was made to include this matter on the agenda of the next Committee Meeting in April 2016.
- **b)** Working Party Meetings a query was raised as to when the next meetings of the Stabilisation Scheme and Public Conveniences Working Parties would be held.
- c) Former shelter site, Shore Road a possible joint venture had recently been discussed for a new purpose-built building, to house both the Tourist Information Centre and Swanage Museum, on the old shelter site in Shore Road. Concerns had been raised regarding the potential for flooding, however, it had been confirmed that as long as the building was designed and constructed in a flood-proof manner then there was unlikely to be an objection from the Planning Authority on these grounds.
- d) Commercial Lane/alleyway the poor condition of this area had recently been raised at a Monthly Council Meeting. It was reported that Dorset Waste Partnership (DWP) was responsible for maintaining the area, and that it had now been cleaned. A

question was raised as to whether Town Council staff should undertake this work in future as it was felt that the Town Centre should be seen as a priority, to make Swanage an attractive place to visit. A further query was raised as to whether DWP would consider transferring the budget for this work to the Town Council. It was therefore agreed that the Waste Management Working Party would arrange a meeting with DWP to discuss these matters. The Operations Manager confirmed that he would contact DWP and request that the area was swept and steam-cleaned. Concerns were again raised regarding the reduction in bin numbers in the town, which could present further problems, and that this also needed to be addressed before the start of the 2016 summer season.

11. Date of Next Meeting

The next meeting had been scheduled for Wednesday 6th April 2016 at 4.30 p.m.
